

## Update on the Hanseatic P&I and FD&D Insurance Consortium

Hanseatic Underwriters has enjoyed ongoing strong support from the Lloyd's market since years. This enables us to continuously provide our assureds with best possible fixed premium security. With effect from 1 April 2018 we renewed our consortium with experienced and marine business affiliated syndicates again.

### Well-trying Product – New Back Up

We herewith proudly announce that with Ark (NOA 3902) another established and well regarded Lloyd's Syndicate joined our security consortium of class-leading, 100% Lloyd's A+ rated insurance cover. We are looking forward to a successful and long-term cooperation with all our consortium partners from the Lloyd's market.

### Unchanged: A+ rated 100% Lloyd's security

As before the Hanseatic P&I insurance consortium will consist of strong and strictly S&P A+ rated Lloyd's syndicates only. This reflects our unchanged approach of delivering the highest possible standards of security to the market.

### Needs-based: Limit up to 500m

As in the last years, Hanseatic P&I is supported by Allianz (AGCS - S&P rating AA) and Lloyd's & London market security in the upper layers of our security structure. This enables us to provide our assureds with first class cover up to a limit of USD 500m.
