

## Update on the Hanseatic P&I and FD&D Co-Insurance structure

Hanseatic Underwriters has enjoyed ongoing strong support from the Lloyd's market since years. This enables us to continuously provide our assureds with best possible fixed premium security. With effect from 1 October 2018 we slightly rearrange our consortium with an experienced and marine business affiliated syndicate.

### Well-tryed Product – New Back Up

We herewith proudly announce that with Acappella (ACA 2014) another established and well regarded Lloyd's Syndicate joined our security panel of class-leading, 100% Lloyd's A+ rated insurance cover. We are looking forward to a successful and long-term cooperation with all our security partners from the Lloyd's market.

### Unchanged: A+ rated 100% Lloyd's security

As before the Hanseatic P&I insurance consortium will consist of strong and strictly S&P A+ rated Lloyd's syndicates only. This reflects our unchanged approach of delivering the highest possible standards of security to the market. There will be no changes to our policyholders as the existing contracts remain in force unchanged.
